Local Academy Committee

Dear Parent/Carer,

I am writing to you to invite you to stand for election as a Parent Governor or to nominate another parent to do so. We currently have one vacancy and the term of office is four years.

The rôle of the Local Academy Committee (formerly Governing Board)

Local Committees have two core strategic functions:

- ensuring clarity of vision, ethos and strategic direction
- holding the headteacher to account for the educational performance of the school and its pupils

Who can apply?

To be able to volunteer, you need to be a parent, carer (or someone who has parental responsibility) for a child at the Newnham St Peter's. You do not need any specific qualifications. The enclosed sheet summarises the circumstances under which someone cannot serve as a Parent Governor.

To fulfil the rôle, you will need to:

- attend regular meetings (around six each year)
- visit the school twice each term
- do some background reading
- undergo a full DBS check
- take part in induction training and ongoing development (which will be provided for you)

How to apply

If you would like to apply, please complete the nomination form and return it to the school office by 4.00pm on 20th May 2024. If you are putting someone else forward for nomination, please make sure they are happy for you to do so and ask them to complete the form.

If there are more nominations than vacancies, we will conduct a secret ballot. If that is necessary, voting papers and instructions will be sent to all parents and carers. Each parent/carers will have one vote (not one vote per family.)

Yours sincerely,

V Thorpe

Mrs Valerie Thorpe, Clerk to the Governing Board

Examples of parental statements

I am a 33 year old father of two and my eldest son is currently in the reception class. I work as a Network Traffic Control Engineer for the County Council and would like to become a parent governor just as my mother was at each of the schools which I attended as a child.

I have no previous experience as a governor nor have I worked within the education system, which is why if I am fortunate enough to become elected as parent governor, I feel that I can cast an independent eye over the workings of the school and bring a fresh perspective to the work of the existing governors.

Just like every other parent at our Primary School, I want the very best for my children. I want them to be happy, confident and become the very best they can be. As parents we need to support the school but when necessary we should also put the school under tough scrutiny. I am not afraid to ask difficult questions and I am used to speaking out and up for what is most important. Frankly there is nothing more important than our children.

Our Primary School is already a super local school and just like everyone else, I want it to continue to succeed and improve further. The rôle of parent governor is a vastly responsible one and I would like an inside look at how things work and a chance to make a difference as well.

.....

I'd like to become a parent governor because I am already well involved in school life and I'd like to provide more support to the school and staff as they work hard to give all of our kids a good educational start. My two boys are in year 1 and reception; you might have seen us cycling to school.

I've been a company director since 2008, having founded two language education businesses. The second specialises in social and online learning. This has led me to become an active part of a global network of online educators. They help me to continue my learning about two of the things I am extremely passionate about, education and technology.

I'm always happy to have a chat so if you see me around and want to ask me anything prior to the election, feel free.

.....

I believe that the first years of a child's education are crucial to their later academic achievements and – just as importantly – to the development of social and other life skills. Obviously, teachers and teaching assistants are at the frontline of this work, but Governors work in the background, to support staff as they implement (ever changing!) government policy in circumstances where stretching resources is often a challenge. To some extent, the Governors also hold the school leadership team 'to account' as they make strategic decisions about the future direction of the school. This means they must have a good working knowledge of the school, understanding both its strengths and where there may be room for improvement.

Parent governors are part of the Committee mix, along with teachers, other staff and community representatives. While the Committee can act only as unit, I believe that parent governors have a special rôle, and should always try to assess issues and decisions from the point of view of parents/carers and families. This is not the same as representing individual parent's points of view – it is about making sure that parent/carer perspectives (however diverse) are always considered.

I feel passionately about primary school education. If elected I would work with energy and enthusiasm to help our school maintain its high standards, and meet future challenges. I feel I understand the requirements of the rôle, and, as I am at the school gates daily, hope that I would be approachable and accessible to other parents. I would be privileged to represent parents and carers in this way.
