There was once a pretty fairy who liked to do everything the wrong way round. Every morning the fairy put trousers on her arms and jumpers on her legs. She worked hard in her break times and played when she should be working. When she was happy she said "oh no!" and when she was sad she said "great!" The fairy ate cake for her dinner and steak for her pudding. What a funny fairy!

**Write your own short story using the words:**

1. every 2. great 3. break 4. steak 5. pretty
