If you need further challenges/ideas to keep you busy, please take a look at the website list that we have provided. This can be found on the school website under Newsletters/Useful Websites.

In school, we use a Golden Nugget reward system which results in each class earning a reward once 30 nuggets have been earned. It would be a good idea for you to mirror this system but feel free to amend it in a way that suits you and your child e.g your child could earn 20 marbles over a week to earn a treat of their choosing.

Please send a weekly email to your child's teacher to let them know how you are getting on. We would love to hear about all of your hard work. You can send us photos or written work. Please encourage your child to write their own email or help you to write one. You can also email us with any questions you may have. Please be aware of the pressures on staff; we all have families to care for and may not be able to respond immediately.
